Strategies
Strategy 1:
Selecting permanent venues for highly environmentally demanding competitions
Strategy 2:
Decentralization of the host region
Strategy 3:
One permanent location for the Summer and one for the Winter Olympics
Strategy 4:
Holding four small-scale Olympics
Score analysis of the strategies
Gray Prediction Model
Strategy 1: Society, OFI
Strategy 2: All
Strategy 3: Economy, Environment, OFI
Strategy 4: Society, Politics
